MATEO RODRIGUEZ CUENCA

Córdoba, Argentina · mateorc099@gmail.com · +54 9 (351) 210-7332 · Github · LinkedIn

Summary

I'm Mateo, 25 years old and QA Tester with experience in manual and automated testing. I am passionate about learning new technologies and concepts to make the testing process more efficient to improve the overall quality of the project and help others achieve their goals. Currently, I am close to receiving my degree, with all the subjects passed and the thesis approved (pending oral defense) of the Software Engineering degree at the Universidad Siglo 21 - Argentina and I am committed to staying updated in my field.

I am a professional committed to quality and excellence in everything I do. I enjoy working in a team and have effective communication and collaboration skills.
